

AUTHORIZED DISTRIBUTOR & CERTIFIED SERVICE PROVIDER
FOR NOVA TECHNOLOGY

Dock Lifts

NOVA Dock Lift

Authorized Representative & Service Notice

All American Contractors Inc. (ACI) is an authorized distributor and certified service provider for NOVA Technology International products. As your designated single-source account manager, all inquiries regarding product specifications, procurement, site installations, warranty claims, and ongoing preventative maintenance are directed to All American Contractors Inc. (ACI) rather than to NOVA directly. This ensures streamlined communications and consistent, centralized service delivery across all your facilities.

... YOUR PARTNER IN
LOADING DOCK SAFETY AND EFFICIENCY SOLUTIONS

NOVA LOADING DOCK LIFT

NOVA DOCK LIFTS

From ground to dock and back again –
Adjustable loading and unloading at any height!

The Most Versatile Way to Serve the Most Varied Fleet

By keeping the loads level, loading and unloading is safer and easier than ramps and steep inclines, and utilizing almost 5-feet of travel height, NOVA dock lifts can service almost any vehicle or trailer you back up to them.

The Advantages of a NOVA Dock Lift

When the loading area just doesn't lend itself to a dockleveler or Edge-of-Dock, take advantage of a NOVA Dock Lift. Safer than ramps and inclines, faster than manual loading or unloading, and less expensive than a recessed truck well, the NOVA Dock Lift can be a smarter way to go.

Built to Last

NOVA Dock Lifts are manufactured to withstand all types of weather. Constructed with structurally reinforced heavy-duty steel platforms that minimize deflection and their wide stance and rugged base construction to create one of the most ridged and stable dock lifts in the industry. Both the NOVA NDL6x8 and NDL6x9, 5,000-pound and 6,000-pound capacity units, come standard with a galvanized base and legs for added protection even in the harshest environments.

WARNING: This product can expose you to chemicals including lead, which are known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Pit or Top of Ground Mounting

NOVA Dock Lifts can be recessed in a pit for ground level lowering or surface mounted on a concrete pad (requires an optional ramp for grade level access).

Installation Package

NOVA Dock Lifts ship fully assembled and include 20-feet of coil cord on a push-button pendant control, and a power unit reservoir filled with hydraulic oil.

Heavier capacities and larger sizes available for fork trucks and larger loads.

FEATURES

- Diamond tread deck for improved traction
- Pre-wired power unit and control panel
- Maintenance strut supports lift for servicing
- Bevel toe guard platform
- Diamond tread hinged throw-over plate with lifting chain
- Removable steel handrails with mid-rail
- 4-inch side kick plate and safety chain
- Conforms to ANSI MH291 Standards
- NEMA 4 push-button control pendant with 20-foot coil cord
- Oversized, low pressure hydraulic cylinders
- Flow control valve with adjustable lowering time
- Excess flow protection for controlled decent of lift in the unlikely event of a hydraulic line rupture

OPTIONS

- Grade level access ramp (for above ground lifts)
- Accordion skirting or roller shade
- NEMA 4 enclosures
- Environmentally friendly biodegradable hydraulic fluid
- Mechanical wheel chock to prevent fork truck from inadvertently rolling off lift while elevated
- Upper travel limit switch - mounted and wired
- Warning bell with flashing light
- Corrosion resistant coatings
- Other bridge plate sizes available

LOADING DOCK EQUIPMENT PRODUCTS BUILT FOR SAFETY, RELIABILITY AND STRENGTH

VEHICLE RESTRAINTS

The most effective way to prevent accidents caused by trucks and trailers from prematurely pulling away from docks during loading and unloading.

DOCK LEVELERS

Allow forklifts to make a smooth, safe transition between loading dock and trailer, reducing the effects of dock shock and the jarring that occurs when a lift truck crosses between the warehouse floor and trailer bed.

SEALS AND SHELTERS

A wide variety of designs to fit your facility's needs for vehicle type, door size, dock height, driveway grade, dock traffic and weather conditions.

SAFETY BARRIER PRODUCTS

Reduce your risk of injury as well as damage to your building, equipment and products.

LOADING DOCK ACCESSORIES

Comprehensive line of loading dock accessories and loading dock aftermarket products to improve safety, productivity, security and environmental control.

Since 1986, NOVA has been providing innovation and reliability to the loading dock industry. We manufacture and distribute a comprehensive line of vehicle restraints, mechanical, air-powered and hydraulic dock levelers, edge-of-dock levelers, dock seals and shelters, safety barrier products, and other loading dock accessories to improve safety, productivity, security and environmental control.
